

**LOS ANGELES/LONG BEACH
HARBOR SAFETY COMMITTEE**

Mandated by
California Oil Spill Prevention and
Response Act of 1990

June 30, 2018

Mr. Thomas Cullen
Administrator of OSPR
Department of Fish and Wildlife
P. O. Box 944209
Sacramento, CA 94244-2090

Dear Mr. Cullen:

I am pleased to announce that the 2018 Harbor Safety Plan for Los Angeles and Long Beach Harbors, dated June 30, 2018, has been posted to the Marine Exchange of Southern California's web site and may be retrieved at:

<http://www.mxsocal.org/safety-plan.html>

I am again indebted to all the members of the committee who found time in their personal and business lives to provide the input and work necessary to produce this document.

Sincerely,

John Z. Strong
Chairman

Capt. John Z. Strong
Chairman
LA/LB Harbor Safety Committee
P.O. Box 32248
Long Beach, CA 90832-2248

Dear Capt. ^{John} Strong:

Thank you for your June 2018 revision of the Los Angeles/Long Beach Safety Plan. Both you and your Committee continue to demonstrate professionalism and dedication in annually revising this important document. The local maritime community, as well as the State of California are well-served by the Committee's efforts.

In addition to revising your Harbor Safety Plan, the Committee provides a forum where local maritime professionals come together to discuss current local maritime concerns. This allows maritime issues to be addressed immediately as they surface. As a result, Los Angeles/Long Beach harbors are safer, cleaner, and healthier.

During the upcoming year, your Office of Spill Prevention and Response liaison, David Mighetto will continue to work with the Committee, and other appropriate parties, to address any new issues that may come to light. I look forward to another year of working together in order to continually improve maritime safety and enhance oil spill prevention in the Los Angeles/Long Beach areas.

Sincerely,

Thomas M. Cullen, Jr.
Administrator
Office of Spill Prevention and Response
